Steuben Rural Electric Cooperative is looking for an 11th grade student to sponsor for the Annual National Rural Electric Cooperative Association Legislative Conference held in May.

This student and three additional students selected by the other New York State Rural Electric Cooperatives will participate in an all expense paid trip to Washington DC. They will meet with Senators and Representatives regarding important rural electric issues, visit many sites around Washington DC and attend social events. The student delegates have attended major league baseball games, theatre shows and more in the past.

One student from the New York delegation will be chosen to attend the NRECA Annual Meeting held in Orlando, Florida in 2015.

These programs educate students on the role of electric cooperatives in the national economy, fosters appreciation for the democratic form of government, exposes students to our nation's heritage, builds leadership skills and rewards students for academic achievement and community leadership.

Contact Cindy Hayes at 1-800-843-3414 or chayes@steubenrec.com for more information.
